On

GENDER EQUALITY: ECONOMIC EMPOWERMENT OF WOMEN

On 10-10-2018

Workshop was organized by the dept. of Economics on the topic **GENDER EQUALITY: ECONOMIC EMPOWERMENT OF WOMEN** by inviting Dr. Vijaya Kulkarni, Rtd. HoD, Dept. of Economics, SJMV Women's College, Hubli. In her talk she said that women have fewer opportunities for economic participation than men. Guaranteeing the rights of women and giving them opportunities to reach their full potential is critical not only for attaining gender equality, but also for meeting the development goals. Gender equality is no more a moral pressure or social issue but also a social, economic challenge. Gender Equality leads to human development and the overall development of the Nation.

In India, discriminatory attitudes towards males or females have existed for generations and affect both lives. Although the Indian constitution has granted both men and women equal rights, gender disparities continue to live and rule. Recent research reveals gender discrimination mostly in favor of men in many realms, including the workplace. Discrimination between men and women affects many aspects of women's lives, from career development and progress to mental health disorders. Gender equality in India is a fundamental human right and a necessary foundation for a peaceful, prosperous & sustainable world. To have a prosperous Nation, Gender equality in India is a much-required component. Therefore, promoting gender equality in India is a critical aspect of women's empowerment.

Fifty students and staff members participated in the workshop. They involved in the interaction and clarified their doubts.
